WHEN PRECISION COUNTS

BOHLE sold a

ENDURA® 905LINEAR

5-Axis CNC-Controlled Machining Center

Machine Travel Specifications:

X =	7,500 mm	295,276 in
Y =	3,000mm	118,110 in
Z =	1,500mm	59,055 in

Installation will begin in December 2008. Please let us know if you would like to see the machine in production. We would be more than happy to machine your 3D parts to the highest standard/tolerance. This machine runs with linear drives in all axes, i.e. no rack and pinion or ballscrews, resulting in overall reduced maintenance.
